Chapter 1

GENERAL OPERATING INFORMATION

1.1. Purpose. To provide quality lodging facilities and service to authorized personnel and to maintain maximum occupancy to reduce the cost of travel.

1.2. Redesignation. Installation commanders may reallocate quarters between permanent party and transient use to achieve optimum occupancy. Commanders should consider redesignation of lodging to permanent party quarters, or permanent party to lodging quarters, if there is a continuous overage or shortage of on-base lodging and/or a low occupancy rate in permanent party quarters. MAJCOM/SVs approve redesignation or conversion of lodging facilities. MAJCOMs may delegate this authority to installation commanders. HQ USAF/SV must approve any diversion of Temporary Lodging Facility (TLF) assets to any other use. Refer to AFI 32-9002, *Use of Real Property Facilities*, for additional guidance.

1.3. Reporting Requirements. The lodging manager prepares DD Form 2085, **Unaccompanied Personnel Housing Inventory and Utilization Data**, IRCN:DD A&L (A) 1470, and supplemental data annually. Inclusive dates are 1 October to 30 September. MAJCOM/SV sends individual base and consolidated command reports to AFSVA/SVOHL by 5 November.

1.4. Dress and Appearance. The lodging manager provides uniforms and name tags for all civilian employees who come in contact with guests.

Chapter 2

STANDARDS

2.1. Quarters. DoD 4165.63M, *DoD Housing Management*, September 1993, and AFMAN 34-247, *Air Force Lodging Program Management*, prescribe minimum adequacy standards (see table 4.1). Quarters are inadequate if they don't meet these standards. The lodging manager may exceed these standards when possible unless it results in excessive service charges.

2.1.1. Meeting Air Force quality of life standards assures consistent service to travelers. Lodging managers must follow the applicable portions of the Air Force Lodging Standards which contain the mandatory quality of life standards for lodging. Standards apply to both government- owned and controlled housing.

2.1.2. Lodging managers should participate in the installation quarters improvement committee meetings and ensure lodging's furnishings requirements are adequately addressed in the installation quarters improvement plan. Refer to AFI 32-6004, *Furnishings Management*, for additional guidance.

Chapter 3

PROCEDURES

3.1. General Procedures Information. Temporary Duty (TDY) personnel must use on-base lodging when adequate (or when waived for military necessity) and available and must make advance reservations when traveling to an Air Force installation.

3.1.1. The lodging office will house group travelers requiring team integrity at the same geographical location--all on base or all off base.

3.1.2. An installation commander may designate distinguished visitor (DV) lodging within the visiting officers and airmen quarters. The lodging manager controls these rooms. If the protocol office controls reservations, it will release the rooms back to the lodging office for other travelers at 1600 each day. The lodging manager will use occupancy statistics to support the number of DV quarters. The lodging manager manages these quarters within existing financial standards.

3.1.3. Guests may check in at any time if a room is available.

3.2. Eligible Personnel (Visiting Officers and Airmen Quarters and Commercial Lodging (CL)). Tables 4.2 and 4.3 specify eligibility for on-base and CL. Table 4.4 lists personnel who qualify for Priority 1 and Priority 2 status. Lodging

houses Priority 2 guests possessing proper credentials and desiring lodging on a day- to-day basis. Installation commanders may establish a policy limiting the number of days a space available (Space- A) guest may stay in on-base lodging, up to 30 days annually.

3.3. Reservations. The lodging staff accepts reservations for Priority 1 travelers 24 hours a day, 7 days a week, on a first-come, first-serve basis without regard to rank or listing within Priority 1. Lodging will accept and confirm reservations for Priority 2 personnel 24 hours in advance of their arrival. Reservations may be confirmed for up to 72-hours (3-day stay), space permitting. Priority 1 customers will not “bump” Priority 2 customers with confirmed reservations, nor will they bump them once they have been assigned quarters for a specific period of time. Lodging should attempt to negotiate reduced rates for all customer segments under their CL agreements when on-base quarters are not available.

3.4. Automation. The lodging manager uses the prescribed automated registration procedures. The manager develops and uses pre- numbered registration forms for backup when the automated system is not available. The lodging manager controls and accounts for these manual backup forms to maintain an audit trail.

3.5. Assignments.

3.5.1. The lodging office may house unaccompanied males and females in the same building. Male and female guests:

- Will not share sleeping rooms or central baths.
- May volunteer to share semi-private baths provided bathroom doors have functioning locks on both the inside and outside of each door and when there are no bath units to share with the same gender. Nonvolunteers will be provided CL or nonavailability numbers.
- May have adjacent bedrooms with a kitchen between them if the kitchen has two doors with functioning locks on both the inside and outside of each door.

3.5.2. Lodging will set aside at least 70 percent of each room category for nonsmokers. Lodging will try not to assign smokers and nonsmokers together in double occupancy rooms. When assigning a nonsmoker to a double occupancy room with a smoker, the wishes of the nonsmoker prevail, i.e., the smoker may not smoke if the nonsmoker objects.

3.6. Transient Aircrew Lodging. Bases will participate in special aircrew handling programs to ensure high quality and consistent lodging is provided expeditiously to transient aircrews. The lodging manager establishes designated aircrew quarters when the volume of transient aircrews warrants it. The lodging manager provides private rooms to all transient aircrew members, regardless of rank.

3.6.1. Transient aircrews may use AF Form 2282, **Statement of Adverse Affect--Use of Government Facilities**, at Army, Navy, or Marine Corps installations when available temporary lodging does not meet Air Force standards for aircrews. When adequate government lodging is available, but does not meet special mission support requirements or crew integrity requirements, or the host installation commander has determined that the requirements cannot be supported, the members may obtain commercial accommodations at their own expense. In these cases, the lodging manager will not issue nonavailability numbers. Members must process AF Form 2282 either before or after travel (refer to AFR 177-103, *Travel Transactions at Base Level*).

3.7. Commercial Contract Lodging. The lodging office provides commercial off-base lodging for use by lodging customers when all on-base quarters are occupied or reserved. The cost for TDY personnel cannot exceed the lodging portion of the local per diem rate.

3.8. Basic Allowance for Quarters (BAQ) Entitlement. DoD Financial Management Regulation (FMR), Volume 7, Part A, tables 3-2-3 and 3-2-5, govern entitlements to BAQ for personnel occupying lodging other than in official TDY status. The lodging manager must inform members when their BAQ will terminate if they are accompanied by all family members for whom BAQ is authorized, occupy lodging for more than 30 days, and are in a permanent change of station (PCS) or leave status. Managers also terminate entitlements for members receiving FSA-1 or BAQ at the without dependent rate, if the member occupies lodging for more than 30 days and is in a PCS or leave status. Lodging managers should use procedures in AFM 177-373, Volume 2, *Joint Uniform Military Pay System (JUMPS) Unit Procedures Excluding AFO*, when reporting to the financial services officer (FSO).

3.9. Nonavailability Numbers and Certificates of Impracticability:

- Lodging issues TDY personnel a nonavailability number if adequate government quarters or meals are not available. Lodging does not issue nonavailability numbers to Air Reserve component (ARC) units in an inactive duty, non per diem status.

- Lodging issues TDY members a certificate of impracticability (DD Form 1351-5, **Government Quarters and Mess**), when use of government lodging or dining facilities is impracticable.

Chapter 4

TEMPORARY LODGING FACILITIES (TLF)

4.1. Service Charge. TLFs provide temporary housing for families. All TLF occupants pay the approved service charge which includes an Air Force assessment for TLF construction. MAJCOMs may waive the service charge for additional units occupied by large families. Large families occupying additional TLF units will pay the assessment for the additional unit(s). When military members residing in government housing (military family housing) are dislocated for emergency maintenance and repairs, they are authorized to reside in TLFs. When lodging fees exceed the member's quarters allowance (BAQ plus VHA) lodging may reduce fees to the quarter's allowances. This does not apply to government housing occupants who are displaced as a result of programmed housing renovation/upgrade (e.g., kitchen renovations, etc.)

4.2. Assignment and Eligibility. Room assignments are made on a first-come, first-serve basis for up to 30 days without regard to rank. See table 4.5 for Priority of assignment. The installation commander may reduce the 30-day maximum stay based on local conditions.

Table 4.1. Minimum Adequacy Standards (VOAVAQ). (Existing Inventory Only--Does Not Apply To New Construction and Renovation Projects)

GRADE (Note 1)	ADEQUACY STANDARD
All Commissioned Officers, All Civilians	250 square feet (net) living area: private room, private bath (Note 2)
E-7 - E-9	250 square feet (net) living area: private room, bath shared with not more than one other
★E-5 - E-6	135 square feet (net) living area: private room, bath shared with not more than one other
E-1 (other than basic trainees); E-2 - E-4	90 square feet (net) living area, not more than two to a room, central bath
Basic Trainees	72 square feet (net) living area: open bay; central bath

★The net living area of a private room or suite is from the inside face of the peripheral wall and includes all such enclosed, unshared spaces and partitions. The net living area of a shared room is the clear area in the sleeping room allocated for an individual's bed, locker (wardrobe, closet), furniture, and circulation. It excludes lounges, bathrooms, hallways, storage area designated for military mobility and field gear, or equivalent. In open bay, net living area is one equal share per person. See the *Facility Design Guide for Enlisted Dormitories* for detailed explanation on measuring rooms.

NOTES:

1. Lodging will house Air National Guard (ANG) and United States Air Force Reserve (USAFR) technicians in travel status according to the military grade shown in their travel orders.
2. ★MAJCOM/SVs may waive the minimum adequacy standard for private baths on an individual case basis.

NOTES:

1. The orders issuing official budgets for and funds the cost of CL based on known requirements and historical data.
2. Duty transient military or civilian personnel of the other services are eligible for CL when they pay the cost of lodging, i.e. credit card, cash, etc.
3. AFI 65-601, *Budget, Policy and Procedure* explains the funding responsibility.
4. The MAJCOM requesting the support budgets and funds the cost of CL for the host base. For example, if HQ Air Combat Command (ACC) requests support from the Marine Corps at an AMC base, then ACC budgets and funds the requirement. The MAJCOM provides the funds to the host bases through either an obligation authority or after-the-fact refund or reimbursement.
5. CL eligibility is subject to provisions in the statement of work (SOW) for CL.
6. ★ANG, USAFR, and IMA members in an IDT, or non per diem status cannot receive voucher reimbursement for lodging expenses. Lodging will not collect lodging fees, on-base or commercial contract lodging, from these members nor issue nonavailability numbers to them. (Refer to AFMAN 34-247, attachment 4, for billing procedures).
7. Lodging will not charge applicants for services provided. Lodging office obtains payment from base O&M funds.
8. Since enlisted naval personnel are not in per diem status while performing duty training and weekend-away-training, they are not reimbursed when they use government lodging. The lodging office forwards bills to the Chief of Naval Reserve, 4400 Dauphine Street, New Orleans LA 70146 (ATTN: Code 6113), on SF 1034, **Public Voucher for Purchase and Services Other Than Personal**.
9. AFROTC cadets participating in the Third Lieutenant Program are not in a per diem status. They are not charged for services provided, not assigned to CL, and not promised nonavailability numbers. Reimbursement for lodging service charges is accomplished by forwarding bills to 502 ABW/ACFC, 50 LeMay Plaza South, Maxwell AFB AL 36112-6334.
10. All foreign personnel must pay lodging service charges directly to the lodging manager except International Military Education and Training (IMET) enlisted personnel. Lodging sends for reimbursement for IMET enlisted personnel through host base foreign training office and accounting and finance office. Invoices must list names, nationality, number of days lodging was furnished, and total amount of charges. Lodging must also furnish a copy of each student's travel orders.
11. ★Follow procedures in AFMAN 34-247, attachment 5 (procedures for funding CL for DBOF-T personnel at channel stops).
12. ★Contract personnel performing services for the Air Force may be assigned to on-base or CL if payment for transient housing is not included in the contractor's SOW and the contractor is traveling on official government orders.
13. Civilian personnel and/or their family members are eligible for government or CL as Priority 1 personnel in a PCS status overseas. In CONUS they are eligible for government quarters as Priority 2.

14. Do not issue PCS member/family Services Information Management System (SIMS) generated contract lodging authorization or nonavailability numbers. The member should be provided a locally devised temporary living expense/temporary living allowance (TLE/TLA) memorandum instead.

15. This category of traveler will be authorized on-base lodging as Priority 1 if Priority 1 personnel TDY to that installation are not displaced to off-base lodging. The installation commander may restrict this policy to Air Force TDY personnel.

NOTES:

1. AFMAN 34-247, attachment 4, covers billing procedures for collection of lodging fees associated with housing AFRES, ANG, and IMA personnel in an inactive duty or non-per diem status.
2. Members in inactive duty status cannot receive voucher reimbursement for lodging expenses. Lodging will not collect service charges from these members nor will lodging issue nonavailability numbers to them. (Refer to AFMAN 34- 247, attachment 4, for billing procedures.)
3. ★A funded AF Form 616, **Fund Cite Authorization**, provided to the servicing lodging manager at the beginning of the fiscal year will guarantee payment for commercial quarters. The lodging manager bills the ANG or USAFR unit of assignment financial management (FM) function for on-base and contract lodging fees.
4. Some reservists travel on a computer-generated AF Form 938. The automated order is valid even though it may not be specifically identified as an AF Form 938.
5. Members are normally required to pay for lodging fees when in a per diem status. However, a special arrangement may be made for the host base/unit to provide a fund cite for individual orders or to pay lodging directly for housing ANG and USAFR personnel supporting their installation or organization.
6. ★Space-Available lodging is at the member's expense and is not charged to the unit of assignment FM function. Members occupying lodging on a space available basis at the expiration of their tour are responsible for payment of expenses.

NOTES:

1. Military and civilian personnel TDY to a nearby location who desire on-base quarters in lieu of CL will be authorized on-base lodging as Priority 1 so long as Priority 1 personnel TDY to that installation are not displaced to off-base lodging. The installation commander may restrict this policy to Air Force TDY personnel.
2. Civilian personnel and/or their family members are eligible for government quarters or CL as Priority 1 overseas and as Priority 2 in CONUS.
3. Contract personnel performing services for the Air Force may be assigned to on-base or CL if payment for transient housing is not included in the contractor's SOW and the contractor is traveling on official government orders.

 3. When military members residing in government housing (military family housing) are dislocated for emergency maintenance and repairs, they are authorized to reside in TLFs. Chapter 5**MANAGING FUNDS**

5.1. Financial Standards. Base lodging funds will meet financial standards established by HQ USAF and their MAJCOMs.

5.2. Transferring Nonappropriated Funds (NAF). MAJCOMs may transfer lodging funds between lodging facilities within the command, through the command lodging fund, to assist needy lodging activities.

5.3. Transfer of NAF Property to Appropriated Fund (APF) Accounts. The lodging manager transfers NAF property authorized in allowance standard 414 to AF Form 228, **Furnishings Custody Receipt and Condition Report** (Refer to AFI 32-6004 for additional guidance) and maintains it on NAF property records until fully depreciated.

5.4. Funding. The lodging manager complies with AFI 65-106, *Appropriated Fund Support of Morale, Welfare, And Recreation and Nonappropriated Fund Instrumentalities*, for funding lodging operations.

5.5. Service Charge Rates. MAJCOMs establish service charge rates at the minimum amount necessary to cover the cost of providing quality customer service (maximum rates CONUS: \$8.00 a day in VOQs and VAQs, \$25.00 a day in DV quarters, and \$24 for TLF including user assessment; maximum rates Overseas: \$10.00 a day in VOQs and VAQs, \$35.00 a day in DV quarters, and \$35 for TLF including user assessment). Lodging charges all occupants the same VOQ/VAQ/TLF rate, regardless of duty status or priority. Rates for accompanying family member (whether one or more), will be 50 percent of the single occupancy daily rate in VOQs, VAQs, and DVQs. Lodging will not charge the member and family more than 1 1/2 times the daily rate per sleeping room. The MAJCOM/SV establishes service charge rates sufficient to pay operating expenses, capital requirements and TLF user assessments. MAJCOM/SV/FM sends requests for exceptions to maximum rates for VOQ, VAQ, TLFs, and DVQs through HQ AFSVA/SVP to SAF/FMPC, 1130 Air Force Pentagon, Washington DC 20330-1130.
